Fruits de Mer® Dressed Smelts

General information:

Wild-caught ocean smelts from Peru (Pacific ocean)

Latin name: *Odonthestes regia*

Brand name: Fruits de Mer®, Packed for Great Northern Products, Ltd. Warwick, Rhode Island, USA. Smelts are headless and gutted (fully cleaned). Most striking attributes are the shiny silver bellies and the bright yellow tail fins. Product is extremely fresh with firm flesh. A true flavorful treat, pan fried or battered deep fried.

Fishing season:

March through August (Fall/Winter season in Peru). Cold water species which can be impacted by El Nino phenomena.

Average size and weight:

These smelts are small, almost similar to lake smelts of Northern America. Generally they average from 10-15cm in length (3-6").

Product available/frozen:

Retail package 1lb (16oz) clear poly bag with two color artwork. 12-1lb packages per master carton. (UPC Code 7751782000087)

Sensory characteristics:

Clean "Ocean-fresh" smell, with slight cucumber aroma natural to this species.

Warehousing specifications:

Master case dimensions:

16.25" x 11" x 5.5"

Pallet configuration:

10 cases per tier, 12 tier per pallet
